## **CRUTE, Katrina**

I have served on Council for 12 years & continue to live, work, & volunteer in & for Brookton. Phillip & I own a local business that supports local organisations.

I have a strong belief in Brookton being a community of choice, with the BROOKTON 20 being at the core of councils decisions & projects.

Many changes have occurred whilst on Council and I will continue to ensure an open & accountable local government, ensuring the decisions made are in the interests of the whole community.

I will continue to deliver on my promise to the community to stop, listen, engage, & inform.

I will continue my advocacy for Brookton regionally & on a State & National level.

I would like the opportunity to continue to serve the Community of Brookton for another 4 years ensuring a community of choice for all.
