LILLY, TAMARA

I am a proud and committed Brookton resident, since early 2018, having left a 15+ year corporate career with a vision of building our family hobby farm of 17 years into a world class Permaculture farm, wellness retreat and educational facility that educates, empowers and evolves all who experience the unique space that we have the honour of being custodians of. Taking my vision for the town and the community seriously, I took on the role as Manager of the Brookton CRC in early 2019 and am committed to empowering the community with a vision for a vibrant, engaging and sustainable shire. Fostering a culture of transparency, accountability and integrity and pursuing equitable outcomes for all the community, I believe my professional experience combined with my vision and passion already in action, provide me with substantial knowledge, skills and the ability to deliver on a positive future for Brookton.
