

BROOKTON RESERVE 43158 MANAGEMENT PLAN

2020 – 2040

Shire of Brookton

May 2020

EXECUTIVE SUMMARY

The purpose of this Reserve Management Plan ('Management Plan') is to:

1. Instil a vision for Crown Reserve 43158 ('Reserve') centred on:
 - a) Managing the respective uses, facilities and activities within the Reserve, whilst taking into account aesthetic character and environmental context, servicing requirements, strong community associations and needs; and
 - b) Ensuring the provision of facilities accord with affordability and sustainability principles within the scope and capacity of the Shire over the long term.
2. Provide a strategic framework to guide the future planning, development and management of identified precincts in consideration of the Reserve's purpose and where possible principles of co-location, fit for purpose buildings, improved accessibility and permeability, vegetation retention and landscape enhancement, equitable management arrangements and future implementation of works.

In drafting this Plan there has been an attempt to:

- review relevant background information;
- assess the site's characteristics, existing uses, context and constraints;
- identify compatibilities and synergies between user groups and sharing of facilities;
- provide define precincts; and
- take into account feedback from Council and its Advisory Groups on various elements including the "look and feel" of various proposed precincts.

Accordingly the graphic shown in Figure 3 and subsequent Figures in this document identify:

- Designated precincts with prescribed use and development.
- Re-use of some existing buildings.
- Connectivity, including vehicle access, walk paths, strategic vehicle parking areas.
- Existing vegetation preservation, fire management and future areas of landscape enhancement.

Following final adoption the Management Plan should provide direction and the required guidance future use, development and management of Reserve 43158 for a period of 10 years, subject to periodical review and amendment by Council from time to time.

1.0 INTRODUCTION

1.1 Location and key features

The whole of Crown Reserve 43158 ('Reserve') is located within the Brookton townsite bordered by Brookton Highway to the north, Bodey Street to west, Whittington Street to the East, and White Street to the east. Existing use and development within the Reserve includes:

- Shire of Brookton Administration Centre (includes Council Chambers)
- Brookton Community Garden (includes Men's Shed)
- Brookton *former* Bowling Clubhouse Building and Greens
- Brookton Aquatic Centre
- Brookton *former* Bushfire Brigade Training Track
- Brookton Recreational Oval and Tennis Courts
- WB Eva Recreation Pavilion
- Brookton Caravan Park
- Mokine Senior Citizen Units x 3

Of note the Brookton Oval and surrounds, WB Eva Pavilion and Brookton Caravan Park have also been and are expected to be used for community events, such as the Brookton Old Time Motor Show event (Biennial) and the Pony Express Motocross event (Annual). Figure 1 below presents an aerial view of the Reserve and spatial understanding of existing facilities, infrastructure and remnant vegetation.

1.2 Purpose of reservation, date and management authority

Reserve 43158 has been vested in the Shire of Brookton ('Shire') since 1994, with a designated purpose of 'Recreation, Tourism, Health, Civic and Community uses'. A Management Order with the power to lease accompanies the vesting, with assigned responsibility to the Shire Council to manage the day to day use and development of the Reserve. A copy of the Reserve details is presented in Figure 2 below.

1.3 Characteristics of Boundaries/Tenures and Management of Adjoining Land

The surrounding land-use to the Reserve consists of residential development to the north, east and south. Arable broadacre farmland adjoins to the west.

Of note, the Kalkarni Residential Aged Care Facility and Saddleback Medical Centre is immediately adjacent to the Reserve on the southern boundary, while Brookton Highway immediately adjoins the northern boundary of the Reserve that presents specific consideration of vehicle access.

1.4 Purpose of the Management Plan

This Management Plan has been prepared and should broadly be accepted as strategic document that sets direction on variable use of the Reserve until 2030, with periodic review and amendment by Council as required. Its intention is to facilitate and guide future use commensurate with orderly planning and development, and appropriate tenure and management at an accepted precinct level.

More specifically, the Management Plan seeks to:

- Support various opportunities for a wide range of users and visitors.
- Identify appropriate tenure where considered manageable and sustainable.
- Enhance future access circulation and permeability.
- Outline age, tourist and workers' accommodation options and location for development.
- Instil social compatibility, synergy and equity in assignment of various precincts.
- Identify areas for environmental conservation and enhancement.
- Facilitate effective implementation.

In balancing the above considerations, the Management Plan also accounts for compatibility of land use, access to services, consideration of public safety and risk, and social equity.

1.5 Planning Context

This Plan has been prepared pursuant to Section 49 of the *Land Administration Act 1997* and involves the following methodology:

- Preparation a draft Management Plan by the Shire Administration
- Council to endorse the draft Management Plan for public comment
- Call for public submissions over a period of four weeks
- Council to review and determine the validity of submissions received
- Shire Administration to modify the draft Management Plan as directed by Council
- Council to formally adopt the draft Management Plan
- A copy of the final Management Plan to be presented to Department of Lands for its records.

1.6 Structure of report

The Management Plan has been drafted to a precinct scale of planning and does not present detail on the layout and planning for each precinct. Therefore, this document should be read in conjunction with respective detailed 'Precinct Plans' as prepared by proponents and subsequently endorsed by Council from time to time.

2.0 PRECINCTS

The intention of dividing the Reserve into land-use precincts is to establish where possible an alignment of existing and proposed uses based on synergy, interface, and a practical level of compatibility. This has involved consideration being given to:

- The Reserve purposes (refer to Figure 2 of this document)
- Broad community benefit
- Current and projected future uses
- Existing capacity and condition of buildings, other facilities, structures, and associated infrastructure
- Current and projected access and parking needs
- Availability of utilities and services
- Existing storm water runoff and drainage
- Retention of existing remnant vegetation and proposed landscaping
- Projected future need and trends based on synergy and co-location principles
- Current and future land tenure arrangements
- Visual and social amenity

In all ten precincts have been identified as listed below and illustrated in Figure 3:

1. Shire Administration Centre Precinct
2. Community Garden/Men's Shed Precinct
3. Aquatic Centre Precinct
4. Caravan Park / Short Stay Accommodation Precinct
5. Sport and Recreation Precinct
6. Youth Precinct
7. Future Use Civic Precinct – 1
8. Future Use Civic Precinct – 2
9. Health /Aged Care Accommodation Precinct
10. Tourism Arts and Cultural Precinct

Each precinct is summarised under sections 2.1 to 2.10 of this document.

5.0 Vegetation Retention/Enhancement and Fire Management

The following actions are to be entertained and progressively performed by the Shire:

- Un-designated areas of Reserve 43158 to be retained and managed as remnant bushland.
- Precincts 4, 6 and 7 to incur parkland clearing of undergrowth vegetation and dead trees to be performed and maintained as part of development of each Precinct.
- Assessment of 'dangerous' trees with necessary pruning to be performed.
- Landscape planting (native species) to be implemented along Brookton Highway for beautification and buffering within Precincts 4 and 10.
- Revegetation to be progressively implemented for stabilisation along the drainage swale between Precincts 6 and 7.
- Retention and maintenance of mature trees with the broader reserve for shade and aesthetics purposes, where possible.
- Maintenance grading of firebreaks to be implemented in September each year.
- Assessment and where necessary prescribed burning of remnant native vegetation within the Reserve to be conducted by the Shire's Chief Bushfire Control Officer every 5 years.

6.0 Preparation of Individual Precinct Concept Plans

A Precinct Concept Plan (layout plan) is to be prepared for each individual Precinct area and be submitted to the Shire Council for endorsement prior to the commencement of development.

The Precinct Concept Plan should consist of:

- A written outline of the proposed development including:
 - respective stages of implementation.
 - location, style, scale, and bulk of buildings and other structures within the Precinct area.
 - the management approach and maintenance programs applicable to the use(s) of the precinct.
- A Graphical illustration the overall concept drawn to a legible scale.

7.0 Management Plan Review

The timeframe of the Management Plan extends to 10 years up to the year 2030. Many changes can occur during this time including some unforeseen matters. The Shire considers it is important that the Management Plan remains relevant and "living". Accordingly, this Plan will be monitored and reviewed to reflect the ever-changing needs of the community and local planning/management context.

8.0 Endorsement

This Management Plan has been prepared pursuant to Section 49(1) of the *Land Administration Act 1997*.

Adopted for final endorsement by the Council of the Shire of Brookton at the meeting of the Council held on.....day of2020.
