WATTS, Barry

My name is Barry Watts, and I am standing for position of Councillor in the upcoming Shire of Brookton Council Elections. My wife Karry and I purchased a 5 Acre property on Bodey Street 6 years ago turning it into a native food farm, 'using local businesses and employing local people'. I am standing for Council as I believe our community wants to see a 'Fresh Face', with a vision for the 'whole' community. If elected, I will work with Council and community for – the creation of a Youth Activities Centre for ALL our young people; request 'Brookton Shire Jobs', be 'Brookton People Jobs'; Streamline the process for development applications for homes and business; encourage Council to look for innovate ways to attract new trades, businesses, and expertise to move to the district, which can generate new employment opportunities for local residents; and ensure ratepayers get value for money.
