2.01.18 BUSINESS OF THE MEETING

In accordance with Regulation 15 of the Local Government (Administration) Regulations 1996, the matters to be discussed at a General Electors' Meeting are, firstly, the contents of the annual report for the previous financial year and then any other general business.

2.01.18.01 ANNUAL REPORT, ANNUAL FINANCIAL STATEMENTS AND AUDITORS REPORT FOR THE YEAR ENDED 30 JUNE 2017

File No: ADM 0323
Date of Meeting: 17 January 2018
Author and Authorising Officer: Ian D'Arcy – Chief Executive Officer
Declaration of Interest: Nil

RECOMMENDED PROCEDURAL MOTION 1

That the Annual Report for the Shire of Brookton for the year 2016/2017 incorporating the Annual Financial Statements and the Auditor's Report for the year be RECEIVED.

Statutory Environment:

Pursuant to Regulation 15 of the Local Government (Administration) Regulations 1996, there is a need for the electors for the Shire of Brookton to firstly receive and then accept the Annual Report that includes the Annual Financial Statements and Auditor's Report for the 2016/2017 year.

A copy of the Shire of Brookton Annual Report 2016/2017 is provided as **Attachment 2.01.18.01**.

Matters to be Considered:

Attendees of the meeting are welcome to request clarification or further information in relation to the following components of the 2016/2017 Annual Report:

- Shire President's Report
- Chief Executive Officer's Report
- Other statutory reporting
- Financial Report and Statements
- Auditor's Report

RECOMMENDATION PROCEDURAL MOTION 2

That the Annual Report for the Shire of Brookton for the year 2016/2017 incorporating the Annual Financial Statements and the Auditor's Report for the year be ACCEPTED.

2.01.18.02 GENERAL BUSINESS

The Presiding Member to open the meeting to questions from the Public Gallery.

OUR VISION

A thriving, accessible and diversified economy with a friendly and welcoming community

OUR MISSION

To be a leading community within the region that delivers core services, builds capacity and focuses on delivery

OUR VALUES

- We value people and treat them with dignity and respect
- We respect the law and act accordingly
- We conduct ourselves with integrity and are fair and honest in our dealings
- We use Shire's assets responsibly and in the best interests of the community
- We are responsible for our actions and accountable for their consequences

Shire President's Report

In April 2017, former Cr Kym Wilkinson stood down as the Shire President and I was duly elected the President for the Shire President for the remainder of the 2016/2017 Financial year.

This report is a reflection on the 2016/2017 year and I am pleased to be able to present this report to the community on behalf of former Cr Kym Wilkinson and myself.

The 2016/2017 financial year saw significant changes in the Shire. Council appointed a new CEO and subsequently a new Deputy CEO to the Shire and they commenced in February and March 2017 respectively after a period of temporary senior management.

The 2016/2017 financial year saw several major HR issues and senior staff issues taking much of the time of elected members.

However despite this the 2016/2017 financial year was also a very busy one with several key projects completed and the Shire worked hard to address a number of long term challenges and to put systems and procedures in place to move forward.

Some of the significant projects put forward in the 2016/2017 financial year were:

- The development and proposal for a new passive solar friendly staff house.
- The completion of the railway station/Robinson road streetscape and beautification works (\$148,000)
- The continuation of the Brookton-Kweda Road construction/renewal program (\$507,000 combined joint funding)
- Continuation of the Shires footpath program (\$98,000)
- Happy Valley Borefield project continuation (water security)
- Solar panelling on the Shire Building to reduce the Shires environmental.

The Council is committed to responsible fiscal management whilst continuing to deliver a high level of service to the community and the 2016/2017 saw a review of the expenditure in preparation for the 2017/2018 financial year.

Unfortunately, the outcome of the State election in March 2017 signalled that several external grant programs were unlikely to be funded or the funding significantly reduced forcing the Shire to review its programs for the remainder of the 2016/2017 year and significantly review the 2017/2018 financial information.

Projects such as the major review of the Strategic Community Plan and the Town Planning Scheme number 4 did not commence in 2016/2017 and both projects were held over until the 2017/2018 financial year. Council duly advised the Department of Local Government of the delay in commencing the Strategic Community Plan, however this meant that previously funded programs required adjustment to timing and funding. Unfortunately two community events, the Triathlon and the Mud Run, had to be cancelled due to a lack of interest and entrants. The new Strategic Community Plan (scheduled for completion in 2017/2018 financial year) will highlight what community events and projects the Brookton community believe the Shire should participate in and coordinate in the future.

Council has also continued to advocate and lobby the State Government in areas that the Shire sees as critical for Brookton. Issues raised with State Government included:

- Condition of all State main roads within the Shire of Brookton
- Secondary Freight routes
- Continued provision of medical and allied health services through Saddleback and Kalkarni facilities
- Brookton, Beverley & Pingelly Shire's alliance for funding for aged housing (Independent Living Units).

On behalf of Council, I would like to thank and acknowledge Shire staff for their contribution and commitment to the community. On behalf of the present and past Councillors, I say thank you for continuing to serve the Brookton Community into the future.

Cr Katrina Crute
SHIRE PRESIDENT

Chief Executive Officer's Report

I am pleased to provide my first annual report as Chief Executive Officer with the Shire of Brookton for the 2016/17 financial year.

Financial Performance

Appended to this report is a copy of the Audited Financial Report for the 2016/17 year that provides a detailed understanding of the Shire's financial performance, inclusive of the Independent Auditor's Report to the Electors (refer to pages 58 and 59 of Appendix 1).

In considering the Auditor's assessment of the Shire's financial position, whilst a slight improvement in performance has been achieved for 2016/17 financial year, it is recognised that further measures are required to be implemented, either through a reduction in spending, an increase in revenue, or both.

Future Planning

Due to staffing and other related matters the Shire administration unfortunately failed to commence a major statutory review of the Shire's Integrated Planning and Reporting (IPR) framework, which was required to be completed by the 30th June 2017. As a consequence, the IPR process has been carried over to the first half of the 2017/18 financial year. The review will focus on a number of plans, including:

- Strategic Community Plan
- Corporate Business Plan
- Asset Management Plan
- Long Term Financial Plan
- Workforce Plan

Also, for similar reasons, the progress of the Shire of Brookton draft Local Planning Scheme No.4 was also delayed for a period during the 2016/17 financial year. Final modifications to the draft document was completed in collaboration with Department for Planning in the latter part of the year to ensure public advertising can be progressed in the first part of 2017/18.

One project however, has been the successful preparation of the Shire of Brookton Aged Friendly Plan. This Plan identifies a number of initiatives to be implemented when funding becomes available to aid and assist elderly people in their mobility and integration in the community.

Infrastructure and Works

During 2016/17 the Shire continued with its road upgrading, maintenance and enhancement programs that entailed:

- Widening and sealing of Reynolds Street to a length of approximately 400 metres.
- Sealing of Brookton Kweda Road to some 2 kilometres, with a further 2 kilometres of this road is to be sealed in the second part of 2017/18.
- Sealing of Moorumbine Road for a distance of 4 kilometres.
- Annual road maintenance involving routine grading of unsealed roads across the district and works on townsite roads.
- Extension of the Shire's footpath network involving 900 meters of concrete footpath laid in White and Montgomery Streets.
- Completion of the Main Street Revitalisation Project resulting in a major transformation of the town centre as a main feature of Brookton.

In February 2017 an extreme weather system also brought about major flooding to the Wheatbelt. This resulted in considerable damage to local government infrastructure across the region, with devastating effect on many local communities. Fortunately, the Shire of Brookton was not adversely affected, with only minimal damage caused and no external funding or other forms of assistance being required.

In regard to plant and equipment, the Shire acquired a new John Deere Grader and replaced the motor in the Community Bus.

Regulatory Services

From a development perspective, the Shire received and processed 12 planning applications and issued 30 building permits for the year (mostly shed structures), which appears to be consistent with other years.

Environmental Health was limited with only three food premise inspections being performed, and routine water sampling and monitoring of the Shire Waste Water Treatment Plant and the Brookton Public Swimming Pool.

As for ranger services, WA Contract Rangers continued to provide excellent service and coverage on an as required basis, and responded to a range of community needs and compliance requirements, including (but not limited to) collection of stray dogs, capture of feral cats, and attendance to dog attacks, barking dogs, mistreatment of animals, and inspection of fire breaks.

Other Initiatives

Other initiatives during the year included:

- The roll out of a new marketing campaign with the introduction of a new Shire Logo and Brookton slogan 'a pace to call your own'. Further introduction of the logo and slogan will carry through to the 2017/18 financial year.
- The renewal of a number of contractual agreements, including:
 - A two year extension granted to the Beverley Medical Service for continued provision of general practice doctor at the Saddleback Medical Centre for two days per week;
 - A two year extension to the existing lease agreement with the Silver Chain Group to operate from the Saddleback Medical Centre;
 - A two year extension to the service agreement with Baptistcare for the continued management and operations of the Kalkarni Aged Care Facility;
 - Two new five year contracts granted to Great Southern Waste to conduct road side waste collection, and operation of the Brookton Waste Disposal facility.
- Progression of subdivision and acquisition of freehold land for the Kalkarni Aged Care Residential Facility and Saddleback Medical Facility. It is expected dealings on the land acquisition and transfer from the State Government will be finalised by the end of 2017.
- The proposed construction of a new sustainable Shire house in the Avonbank Subdivision to initially be presented as a demonstration home, and then either on sold or retained as a staff house.
- Installation of a new 100 Kva back-up generator for the Kalkarni Aged Care Facility and Saddle Back Medical Centre.
- Formation of a WB Eva Pavilion Committee to oversee the use of the sports pavilion and progress long standing matters, such the updating and hanging of honour boards for various sporting groups.

- The cancellation of the annual Brookton Triathlon and Mud Run events due to a lack of registrations.
- The continued planning for seven additional Independent Living Units (ILUs).

Regional Participation

As with other years, the Shire has contributed to regional initiatives throughout the year with the focus mainly centred on:

- Aged care initiatives involving collaboration with the Shires of Pingelly and Beverley to collectively yield 23 Independent Living Units (ILUs), subject to funding.
- A proposed secondary freight network for the broader Wheatbelt, coordinated through the Wheatbelt Regional Road Group North and South.

Council and Staff

In April 2017 Councillor Wilkinson stepped down from the position of Shire President after three and a half productive years at the helm. Cr Katrina Crute was elected his successor to fill the role until the October 2017 Local Government Elections. Although having not worked with either Shire President for very long, I would nevertheless like to sincerely thank Cr Wilkinson and Cr Crute, together with all the other Councillors, for their support and patience through-out the year.

Similarly, I would like to acknowledge a number of departures and arrivals of staff within the organisation, and take this opportunity wish departing staff all the very best for the future, belatedly welcome new staff to the organisation, and thank all staff for their dedication and loyalty to the Shire and the community.

Mr Ian D’Arcy
CHIEF EXECUTIVE OFFICER

Location

The town of Brookton is situated 138km east/south-east of Perth on the Brookton Highway. The Shire of Brookton covers an area of 1,626km², and also includes the localities of Jelcobine, Aldersyde and Kweda. The population of the Shire is estimated to be 990 (*Census 2016*).

Being less than 100km from the Perth metropolitan area, Brookton is a comfortable one hour drive from Karragullen and enjoys many lifestyle benefits of outer metropolitan country living. The Shire of Brookton borders the Shires of Wandering, Beverley, Quairading, Corrigin and Pingelly.

The Brookton district is considered the Gateway to the Central South and is renowned for local events such as the Old Time Motor Show which is held biennially. Tourist attractions include the Old Railway Station and Police Museum located on Robinson Road, the Jack Hansen Ruins at Nine Acre Rock, a Look Out situated west of Brookton overlooking the town, Heritage Trail, Boyagin Rock reserve and the Yenyening Lakes.

History

Stand pipe Brookton railway station

One of Brookton's first European Settlers, John Seabrook settled in this area c.1846. The name of his property, Brookton House, inspired the name for the town and subsequently the Shire. The first Brookton Road Board meeting was conducted on the 10 September 1906, after Mr Samuel Williams esq. broke away from the Beverley Road Board.

In 1999, the town site of Brookton celebrated the Centenary of gazettal. To commemorate the occasion, a written history of Brookton, titled "Kalkarni – The Brookton Story", has been released which details the past 100 years of the town.

Council

Council meetings commence at 12:30 pm on the third Thursday of each month (except January) and all members of the public are welcome to attend. Council meetings are held in the Shire of Brookton Council Chambers, located within the Administration Centre, and a provision for 'public question time' is allocated at the beginning of the meeting.

Senior Staff

Council has four designated senior employee positions in accordance with section 5.37 of the *Local Government Act 1995*. For the year ended 30 June 2016 they were as follows:

Chief Executive Officer	Mr Ian D'Arcy
Deputy Chief Executive Officer	Ms Vicki Morris
Principal Works Supervisor	Mr Geoff Forward
Community Services Manager	Ms Carina Whittington

The Shire of Brookton employs approximately 23 full time equivalent (FTE) staff. These include the senior staff listed above, as well as multi-skilled staff for road maintenance and construction, maintenance town parks and gardens, finance, statutory planning, statutory health and building services, administration and cleaning of public buildings.

Regulation 19B of the *Local Government (Administration) Regulations 1996* requires the annual report to contain the details of the number of employees of the local government entitled to an annual salary of \$100,000 or more in bands of \$10,000 for each such band over \$100,000.

Salary Range	2017	2016
\$100,000 - \$109,999	1	0
\$110,000 - \$119,999	0	0
\$120,000 - \$129,999	0	0
\$130,000 - \$139,999	1	1

Plan for the Future of the District

Strategic Community Plan 2013-2023

The Shire of Brookton's Strategic Community Plan was formulated and adopted in April 2013. It was prepared through consultation with the local community and sets out the vision, and mission, aspirations and objective of the community in the Shire of Brookton.

The Strategic Community Plan has 5 key areas; Community, Natural Environment, Built environment and infrastructure, Economy and Governance and Organisation. A desk top review of the plan was undertaken in May 2015. A major review of the Strategic Community Plan is scheduled to be finished by March 2018.

The Corporate Business Plan complements the Strategic Community Plan by governing the internal business planning by setting the priorities and allocating resources to the objectives and aspirations. The Corporate Business Plan also incorporates matters such as resources allocation, work force planning and long term financial planning.

All these documents are available for members of the public on the Shire's website or on request in alternative formats at the Administration centre.

2016/2017 Strategic Community Plan Progress

Community

- A vibrant, safe and inclusive community.

A brief review of the Sport and Recreation Plan was undertaken in 2016/2017 and it was identified that the Shire needs to engage a consultant to update and review the Sports and Recreation Plan in the 2017/2018 year, depending upon the outcomes of the major review of the Strategic Community Plan in 2017/2018.

The Shire has continued to support and promote sporting and community groups through local activities including Kids Sport, Brookton Mud Run and the Brookton Triathlon. Further, community events were also assessed against community participation and interest with some of these events unlikely to continue in 2017/18.

The Shire also participates and continues to support trainees as part of its commitment to youth and apprentices. One trainee was taken on in 2016/2017 and the Shire continues to support trainees on an ongoing basis as the workforce needs arise.

The Shire has also reviewed the healthcare and family services activities within the Shire. The Shire continues to provide financial support to Milly Molly Mandy's' Childcare and will continue to do so until the end of 2017/2018 when the child care rebates are changed by the Commonwealth Government. In addition, the Shire continues to liaise with Baptistcare (Aged Care) and continued its support for the BBP alliance for independent living units and aged care within the region. These alliances will continue into 2017/2018.

Natural Environment

- A clean, green and sustainable Shire.

The Shire continued to complete the beautification and revitalisation works for the Robinson Road/ Railway Station precinct with this project being completed in 2016/2017.

The Happy Valley Water Bore project commenced in 2016/2017 and will continue to be a major project until the 2017/2018 year with the access to water security one of the key environmental issues for the Shire.

The Shire also called tenders for waste collection and the management of the Transfer Station services in the 2016/2017 year in line with the strategic of provision waste facilities that are readily accessible, cost effective and compliant. Both tenders were awarded and monitoring of the cost effectiveness and compliance will continue into the 2017/2018 year.

Built Environment & Infrastructure

- A built environment and infrastructure that supports a thriving community.

The Housing Development Plan was reviewed in 2016/2017 with the outcome of building two staff houses reduced to one. In addition it was recognised that the design of the house could also fit with the Shire's focus of a strong and sustainable local economy.

The revitalisation of Robinson Road and the townscape in general was fully completed in this year.

The Shire's sewerage scheme effluent issues were highlighted in 2016/2017 by the Shire's EHO. The result is that Council will allocate sufficient funds to commence a two year pump out program in an effort to reduce the effluent contamination in the ponds in the 2017/2018 year. The Shire through the WALGA Central Zone continued to lobby the State Government for improvement of both State and local roads, and to highlight the Secondary Freight Hub issues. This is an ongoing issue and the Shire will continue into future years to lobby for more funding resources for roads within the Shire.

The Shire also continues to support the local community groups who manage historical sites and structures with the Shire. The Brookton Historical Society Inc requested funding to repair a wall at the Museum and the Shire will proceed with this request in the 2017/2018 financial year.

Local Economy & Business

- A strong and sustainable local economy.

Unfortunately, the preparation of an economic development strategy did not commence in 2016/2017 year and will be the subject of a further review as part of the review of the Strategic Community Plan in 2017/2018.

The arrival of the NBN services to Brookton resulted in the Shire liaising with NBN Co to further explore opportunities for improved telecommunications infrastructure in the Shire. NBN Co & Telstra contributed to improving tower access and support for telecommunications across the Shire in 2016/2017. In 2017/2018, the finalisation of fixed wireless internet for the Shire will result in improved service provision in the areas of IT services, and a review of telephone land line services for the Shire.

The Shire's draft Town Planning Scheme No. 4 continued to be implemented, however the final adoption of the Scheme will not occur until mid-2018.

The Shire developed and processed a staff housing design based on passive solar principles and engaged an expert in this area to design a new house. It is projected the Shire

will call tenders for the cost of building this new house in the 2017/2018 financial year. The Shire made the appropriate budget allocations for this initiative

In addition, as part of the initiative to investigate opportunities to review power costs and supply, the Shire investigated and approved the installation of solar panels on the roof of the Shire Administration building. The review of the efficiency of the panels will be conducted in the 2017/2018 financial year.

Governance & Organisation

- Good governance and an efficient organisation.

Several Elected Members and senior staff attended a number of Regional, State and local forums and workshops in 2016/2017 year. Elected members participated in Local Government Week in 2016/2017.

The Shire continues to attend and support WALGA Zone meetings, LGIS meetings, and local alliances in order to advocate and represent the community of the Shire of Brookton.

Review of the Strategic Community Plan was also scheduled to commence in 2016/2017, but due to circumstances beyond Council's control, this will be commenced in 2017/2018 financial year.

The development of a community engagement and communication strategy was commenced, but also not completed in 2016/2017. This project will be placed on hold until the outcomes of the Strategic Community Plan review are known in March 2018.

Human resources policies and procedures continue to be updated and will continue into the future.

The implementation of an EDRMS (Magiq) records management system was completed in 2016/2017.

The marketing and new branding plan was introduced in early 2017, with a new brand identified for the Shire. This project will be placed on hold until the outcomes of the Strategic Community Plan review are known in 2017/2018.

The major initiative for the Shire of Brookton into the future will be the commencement of the major review of the Strategic Community Plan and associated plans. This project was scheduled to commence in 2016/2017 year, but will now commence in the 2017/2018 financial year.

2016/2017 Corporate Business Plan

The Corporate Business Plan is due to be fully reviewed in 2017/2018 year as part of the Integrated Planning and Reporting Review. This will be a major project for the Shire.

Other Informing Strategies

The 10 Year Long Term Financial Plan (LTFP) reflects financial working details based on achieving the objectives of the Strategic Community Plan and incorporating elements of workforce planning and asset management. The LTFP will be reviewed in 2017/2018.

The 4 Year Workforce Plan was reviewed in 2015. The Work Force Plan provides information on the work force resources required by Council to achieve the objective of the strategic community plan. This plan will again be reviewed in 2017/2018 as part of the Integrated Planning and Reporting Review.

10 Year Asset Management Plan is a major project that is yet to be completed. This major project is scheduled to be commenced in 2017/2018 financial year. This plan covers both infrastructure and buildings. Asset replacement is also included in this plan.

Disability Access & Inclusion Plan

The Shire of Brookton is committed to an accessible, inclusive Brookton that values all people including those with disabilities.

The Shire, through its Disability Access and Inclusion Plan 2013-2018 (DAIP), plans to ensure that people with a disabilities have equal opportunities of access and community including to Council services, products, facilities and information and are consulted in meaningful and appropriate way to facilitate participation with the Shire and the Brookton community.

The DAIP is a requirement under the *Disability Services Act 1993* (amended 2004) and each year the Shire is required to report on the achievements and outcomes arising from the Disability Access & Inclusion Plan (DAIP). The achievements for the year ended 30 June 2017 are listed below and grouped into the outcome areas addressed in the Shire of Brookton's DAIP 2013-2018.

OUTCOME AREA	ACHIEVEMENTS 2013-18
<p>OUTCOME 1:</p> <p>People with disability have the same opportunities as other people to access the services of, and any events organised by, the Shire of Brookton.</p>	<ul style="list-style-type: none"> • Event planning template developed to include accessibility considerations. • Accessible Events checklist issued to planner for use in evaluating externally organised events. • Maintenance & report forms in place. Website reporting completing. Apps - Snap n Solve, Local Eye • Corporate Business Plan includes initiatives from the DAIP • Development and adoption of Age Friendly Communities Plan that includes recommendations for assisting with accessibility.
<p>OUTCOME 2</p> <p>People with disability have the same opportunities as other people to access Shire of Brookton buildings and other facilities.</p>	<ul style="list-style-type: none"> • New carpark at WB Eva Pavilion has included 3 additional ACROD bays. • All ACROD bays have been resprayed. • New technologies have been made available for the reporting of maintenance issues (Localeye app) • Works crew maintained footpaths free of obstruction to allow access. • Public buildings inspected and issues incorporated into the Age Friendly Community Plan. • Replacement of slab pathways to concrete pathways to improve accessibility. • Upgrade of ramps and surrounds to the Brookton Railway Station.
<p>OUTCOME 3</p> <p>People with disability receive information from the Shire of Brookton in a format that will enable them to access the information as readily as other people are able to access it.</p>	<ul style="list-style-type: none"> • Information about the functions, facilities and services provided by the Shire is prepared using clear and concise language. This information is made available in alternative formats on request. One request was received during the year. • Telegraph notes and agenda template have been updated to include appropriate font size. • Shire website includes a section on accessibility options

<p>OUTCOME 4</p> <p>People with disability receive the same level and quality of service from the employees of the Shire of Brookton as other people receive from the employees of the Shire of Brookton.</p>	<ul style="list-style-type: none"> Information on alternative service provision is made available to staff through in house training sessions.
<p>OUTCOME 5</p> <p>People with disability have the same opportunities as other people to make complaints to the Shire of Brookton.</p>	<ul style="list-style-type: none"> Information about grievance mechanisms is prepared using clear and concise language. This information is made available in alternative formats on request. During the year no such requests were received. Venues that are utilised for community participation in Council processes are selected with the objective of ensuring access for all members of the community. Web based forms were introduced for reporting of issues and making complaints.
<p>OUTCOME 6</p> <p>People with disability have the same opportunities as other people to participate in any public consultation by the Shire of Brookton.</p>	<ul style="list-style-type: none"> Information about the opportunities for participation in public consultations, grievance mechanisms and decision making processes is prepared using clear and concise language. This information is made available in alternative formats on request. During the year no such requests were received. Venues that are utilised for community participation in Council processes are selected with the objective of ensuring access for all members of the community.
<p>OUTCOME 7</p> <p>People with disability have the same opportunities as other people to obtain and maintain employment with the Shire of Brookton.</p>	<ul style="list-style-type: none"> Recruitment documents are available in variety of formats. Facilities used in selection process have universal access. People with disability have been engaged in both volunteer and paid roles during the period. Senior staff have attended Lighthouse Project training. Audit app has been prepared for audit to be undertaken.

The DAIP will be reviewed in line with legislative requirements as the current DAIP is scheduled to expire in 2018. The first part of the review of the DAIP commenced in March 2017. It is expected that community consultation and stakeholder engagement surveys will occur in the 2017/2018 financial year with the new updated DAIP scheduled to be adopted by Council in late 2017 or early 2018.

Freedom of Information Statement

This information statement is published in accordance with section 96 of the *Freedom of Information Act 1992*.

1. Structure and Functions of Council

Establishment

The Shire of Brookton is established under the *Local Government Act 1995*, and has the responsibility for the administration of this Act within the municipality (section 2.7). Other major legislation which creates a duty or an authority for Council to act includes but is not limited to:

- *Health Act 2016*
- *Planning and Development Act 2005*
- *Building Act 2011*
- *Bush Fires Act 1954*
- *Emergency Management Act 2005*
- *Dog Act 1976 & the Cat Act 2011*
- *Cemeteries Act 1986*
- *Freedom of Information Act 1992*

Council

Council's affairs are managed by seven Councillors elected from and by the community. The Council makes decisions which are of a strategic nature and are made within the legislated boundaries of the Act and other Acts and legislation. The Council decides the future direction and ensures that services and facilities in the future can be resourced for the long term. Council determines the guidelines (in the form of policies) and principles that underpin the decision making powers of the Council.

The *Local Government Act 1995*, Section 2.7 clearly states the Council governs the Local Governments affairs and is responsible for the performance of the Local Governments functions. Moreover the Council has a responsibility under this same section to oversee the allocation of the Local Government finances and resources and to determine the Councils policies.

More specifically the Council:

- Determines the policies to be applied by Council in exercising its discretionary powers.
- Determines the type, range and scope of projects to be undertaken by Council.
- Develops comprehensive management plans, budgets, financial controls and performance objectives and indicators for the operations of Council.

Ordinary meetings of Council are held on the third Thursday of each month (except January) commencing at 12.30pm. All members of the public are encouraged and welcome to attend a Council meeting.

Personal Involvement

Elected members are involved with many organisations within the community, and are also active in representing Brookton at a regional or state level. Council's nominations to other organisations include (but not limited to):

- WALGA Central Country Zone (Regional)
- Main Roads WA Wheatbelt South Regional Road Group Hotham/Dale Sub Group
- Local Emergency Management Committee (Local)

Standing Committees

In the 2016/2017 year there were seven standing Committees of Council:

- Employment Committee
- Kalkarni Consultative Committee
- Community Housing Committee
- Les McMullen Memorial Recreation Grants Committee
- Audit Committee
- Bush Fire Advisory Committee
- Plant and Works Committee

Occasional Committees

Council utilises occasional Committees as and when required particularly for one off projects and limited time events.

Agendas

Agendas are prepared for elected members and the public and are distributed 3 days prior to the meeting. Both paper and electronic copies of the Agenda are available prior to the meeting in accordance with the *Local Government Act 1995* on request. All Minutes are subject to confirmation by Council.

Delegated Authority

Under the *Local Government Act 1995*, Council is able to delegate many powers to either established Committees or to the Chief Executive Officer. A Committee or the CEO may then further delegate the duty or responsibility to perform a task. Delegations are recorded in a Register, and are reviewed by Council annually.

2. Services to the Community

Council provides an extensive variety of services for the community under a wide range of legislation. Services provided can include (and are not limited to):

Building approvals	Library services	Recycling services
Bush fire control	Emergency Management	Roads, footpaths & kerbs
Cemeteries	Australia Day awards	Rubbish collection
Environmental Health	Parks and open spaces	Sewerage & Drainage
Crossovers	Planning approvals	Swimming Pool
Dog & Cat control	Playgrounds & equipment	Recreation facilities
Public buildings for hire	Street beautification	Public toilets

3. Access to Council Documents

The following documents are available for inspection at the Council Offices free of charge. Copies of the documents can be made available, although some will incur a charge to cover the cost of photocopying. The *Local Government Act 1995* does stipulate minimum requirements for documents to be made available for public inspection, and these can include:

- Minutes and Agendas of Council and Committee meetings
- General Policy Manual
- Annual Budget
- Annual Report
- Annual Financial Statements
- Monthly Financial Statements
- Council Local Laws
- Town Planning Scheme
- Electoral Roll
- Financial Interest Register - Primary and Annual Returns and Declarations
- Gift Register

Requests for other information will be considered in accordance with the requirements of the Freedom of Information Act and the Local Government Act. Under the Freedom of Information Act, an application fee and search fee must be submitted with the completed request form, unless the information is of a personal nature, or an exemption is granted.

The table below illustrates all the applications received by the Shire of Brookton in 2015/16:

Access Type	Personal	Non-Personal	Total
Access in full	0	1	1
Edited access	0	0	0
Access refused	0	0	0
No documents found	0	0	0

Enabling Legislation & Regulatory Reporting Requirements

Official Conduct Report

In the financial year ending 30 June 2017 no complaint regarding an Elected Member's conduct under Section 5.121 of the *Local Government Act 1995* was recorded.

National Competition Policy Statement

In 2007, all Australian governments recommitted to the Competition Principle Agreement (CPA). The CPA is an inter-governmental agreement between the Commonwealth and State/Territory governments that sets out how governments will apply National Competition Policy Principles to public sector organisations within their jurisdictions.

The National Competition Policy (NCP) itself concluded in 2005-2006 and has been succeeded by Australia's National Reform Agenda which is a continuation of the NCP reforms. Although local government is not party to the Agreement, the State's obligation extend to ensuring that the principles are applied to local government activities and functions and the annual report must include a statement on all allegation of non-compliance with the principles.

In accordance with the requirements of the NCP, the Shire of Brookton makes the following disclosure for the reporting period.

- The Shire does not operate a business enterprise that has been classified by the Australian Bureau of Statistics as either a Public Trading Enterprise or Public Financial Enterprise;
- There were no activities to which competitive neutrality principles have been applied or considered but not applied during the reporting period;
- The Shire has no activities to which neutrality principles will be applied in the next reporting period;
- During the reporting period, the Shire did not receive any complaints or did not become aware of any allegation of non-compliance with the competitive neutrality principles made by a private entity against the Shire.

Legislation Local Laws Review

The Council commenced a review of its extractive industry legislation and regulations in September 2015 and resolved to make a local law "The Shire of Brookton Extractive Industries Amendment Local Law". In the 2016/2017 financial year, the matter exceeded the statutory timeframe for processing of a Local Law and the Local law did not proceed.

In June 2016, the Council commenced a process to create two local laws;

- the "Shire of Brookton Health Local Law 2016" &
- the "Shire of Brookton Animals, Environment and Nuisance Local Law 2016"

As a result of the processing time, both Local laws exceed the statutory timeframes in the 2016/2017 financial year and have proceeded no further.

A review of the Local Laws in the Shire of Brookton will be commenced in the financial year 2018/2019 following the Shire's Integrated Planning process.

State Records Act 2000

The Shire of Brookton, as a Local Government Authority, is required under the State records Act 2000 (the Act) to provide an annual report, as outlined in the Record Keeping Plan.

The Shire's Record Keeping Plan was last reviewed in 2014. However in the 2016/2017 financial year, the Shire's Electronic Document Management System (EDRMS) "Magiq" was installed and subsequently removed from the Shire in March 2017 as it was ineffective and was creating duplication for staff. In addition, the system was not designed for a hybrid records management system as is used by the Shire of Brookton. The removal of the EDRMS has had an impact on the record keeping practices of the Shire as the Shire is now using a hybrid drive system for storing of electronic documents and hybrid hard copy files for property and other functions. In the 2017/2018 year, the Shire will review the record keeping plan given the changes made in 2016/2017 year and will investigate other options for electronic document management systems (Synergy) that will interface with existing systems.

Staff have identified training in records management as a key area and this will be reviewed in 2017/2018. Elected Members have been formally advised through the Council briefing session of their responsibilities and obligations in relation to record keeping.

National Competition Policy

During the 2016/2017 financial year, the Shire met its obligation concerning National Competition Policy. The Shire has no local laws or policies that contain anti-competitive provisions. No complaints were received during the period.

Occupational Health and Safety

The Shire of Brookton promotes a positive and safe workplace that is free of bullying and harassment. The grievance policy was reviewed and adopted by Council in this period and it was reviewed to better reflect the requirements of the *Occupational Health and Safety Act 1984*. A further OHS review will take place in the 2017/2018 financial year.

Equal Opportunity

The Shire of Brookton has procedures that support and adhere to the *Equal Opportunity Act 1984* to eliminate discrimination, sexual and racial harassment and to promote equality. There is a grievance and contact officer within the Shire.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this financial report are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical accounting estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The local government reporting entity

All Funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 20 to these financial statements.

(b) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable.

The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

(c) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(e) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for sale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

(f) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Mandatory requirement to revalue non-current assets

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at Fair Value became mandatory.

During the year ended 30 June 2013, the Shire commenced the process of adopting Fair Value in accordance with the Regulations.

Whilst the amendments initially allowed for a phasing in of fair value in relation to fixed assets over three years, as at 30 June 2017 all non-current assets were carried at Fair Value in accordance with the requirements.

Thereafter, each asset class must be revalued in accordance with the regulatory framework established and the Shire revalues its asset classes in accordance with this mandatory timetable.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the financial report as necessary.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Fixed Assets (Continued)

Land under control

In accordance with Local Government (Financial Management) Regulation 16(a), the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework detailed above.

Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Fixed Assets (Continued)

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- a) Restated proportionately with the change in the gross carrying amount of the asset so that the carrying amount of the asset after revaluation equals its revalued amount; or
- b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Major depreciation periods used for each class of depreciable asset are:

Buildings	5 to 138 years
Furniture and equipment	4 to 10 years
Plant and equipment	2 to 60 years
<u>Infrastructure - Roads Sealed</u>	
Formation and Subgrade	not depreciated
Pavement	15 to 100 years
Surface	15 to 175 years
Surface Water Channel	5 to 100 years
<u>Infrastructure - Roads Gravel</u>	
Formation and Subgrade	not depreciated
Pavement	15 to 100 years
<u>Infrastructure - Roads Unsealed</u>	
Formation and Subgrade	not depreciated
Pavement	15 to 100 years
Bridges	10 to 155 years
Infrastructure - Footpaths	40 to 100 years
Infrastructure - Parks & Garden	30 to 50 years
Infrastructure - Sewerage piping	1 to 100 years
Water supply piping and drainage systems	50 to 75 years
Storm Water Drainage	50 to 100 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Capitalisation threshold

Expenditure on items of equipment under \$5,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Fair Value of Assets and Liabilities

When performing a revaluation, the Shire uses a mix of both independent and management valuations using the following as a guide

Fair Value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period. (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Fair Value of Assets and Liabilities (Continued)

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets carried at a revalued amount to be revalued in accordance with the regulatory framework.

(h) Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Shire becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Shire commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or at cost.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Financial Instruments (Continued)

Classification and subsequent measurement (continued)

(i) Financial assets at fair value through profit and loss

Financial assets are classified at “fair value through profit or loss” when they are held for trading for the purpose of short-term profit taking. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss. Assets in this category are classified as current assets.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Shire has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets, where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available-for-sale financial assets are classified as non-current.

(v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Financial Instruments (Continued)

Impairment

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which will have an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the Shire no longer has any significant continual involvement in the risks and benefits associated with the asset

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(i) Impairment of Assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

(j) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Employee Benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(l) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

(m) Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(n) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases."

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(o) Investment in Associates

An associate is an entity over which the Shire has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Shire's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Shire and the associate are eliminated to the extent of the Shire's interest in the associate.

When the Shire's share of losses in an associate equals or exceeds its interest in the associate, the Shire discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Shire will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

(p) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Refer to note 1(o) for a description of the equity method of accounting.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements. Information about the joint ventures is set out in Note 17.

(q) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 2(c). That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

(r) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(s) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

(t) Rounding Off Figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar.

(u) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statement, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

(v) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(w) New Accounting Standards and Interpretations for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Shire.

Management's assessment of the new and amended pronouncements that are relevant to the Shire, applicable to future reporting periods and which have not yet been adopted are set out as follows:

Title	Issued / Compiled	Applicable ⁽¹⁾	Impact
(i) AASB 9 Financial Instruments (incorporating AASB 2014-7 and AASB 2014-8)	December 2014	1 January 2018	Nil – The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the Shire, it is not anticipated the Standard will have any material effect.
(ii) AASB 15 Revenue from Contracts with Customers	December 2014	1 January 2017	<p>This Standard establishes principles for entities to apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.</p> <p>The effect of this Standard will depend upon the nature of future transactions the Shire has with those transactions the Shire has with those third parties it has dealings with. It may or may not be significant.</p>
(iii) AASB 16 Leases	February 2016	1 January 2019	<p>Under AASB 16 there is no longer a distinction between finance and operating leases. Lessees will now bring to account a right-to-use asset and lease liability onto their statement of financial position for all leases. Effectively this means the vast majority of operating leases as defined by the current AASB 117 Leases which currently do not impact the statement of financial position will be required to be capitalised on the statement of financial position once AASB 16 is adopted.</p> <p>AASB 16 is adopted.</p> <p>Currently, operating lease payments are expensed as incurred. This will cease and will be replaced by both depreciation and interest charges. Based on the current number of operating leases held by the Shire the impact is not expected to be significant.</p>
(iv) AASB 2014-3 Amendments to Australian Accounting Standards - Accounting for Acquisitions of Interests in Joint Operations [AASB 1 & AASB 11]	August 2014	1 January 2016	<p>This Standard amends AASB 11: <i>Joint Arrangements</i> to require the acquirer of an interest (both initial and additional) in a joint operation in which the activity constitutes a business, as defined in AASB 3: <i>Business Combinations</i>, to apply all of the principles on business combinations accounting in AASB 3 and other Australian Accounting Standards except for those principles that conflict with the guidance in AASB 11; and disclose the information required by AASB 3 and other Australian Accounting Standards for business combinations.</p> <p>Since adoption of this Standard would impact only acquisitions of interests in joint operations on or after 1 January 2016, management believes it is impracticable at this stage to provide a reasonable estimate of such impact on the Shire's financial statements.</p>

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(w) New Accounting Standards and Interpretations for Application in Future Periods (Continued)

Title	Issued / Compiled	Applicable ⁽¹⁾	Impact
(v) AASB 2014-4 Amendments to Australian Accounting Standards - Clarification of Acceptable Methods of Depreciation and Amortisation [AASB 116 & 138]	August 2014	1 January 2016	This Standard amends AASB 116 and AASB 138 to establish the principle for the basis of depreciation and amortisation as being the expected pattern of consumption of the future economic benefits of an asset. It also clarifies the use of revenue-based methods to calculate the depreciation of an asset is not appropriate nor is revenue generally an appropriate basis for measuring the consumption of the economic benefits embodied in an intangible asset. Given the Shire currently uses the expected pattern of consumption of the future economic benefits of an asset as the basis of calculation of depreciation, it is not expected to have a significant impact.
(vi) AASB 2014-5 Amendments to Australian Accounting Standards arising from AASB 15	December 2014	1 January 2017	Consequential changes to various Standards arising from the issuance of AASB 15. It will require changes to reflect the impact of AASB 15.
(vii) AASB 2015-2 Amendments to Australian Accounting Standards – Disclosure Initiative: Amendments to AASB 101 [AASB 7, 101, 134 & 1049]	January 2015	1 January 2016	This Standard amends AASB 101 to provide clarification regarding the disclosure requirements in AASB 101. Specifically, the Standard proposes narrow-focus amendments to address some of the concerns expressed about existing presentation and disclosure requirements and to ensure entities are able to use judgement when applying a Standard in determining what information to disclose in their financial statements. This Standard also makes editorial and consequential amendments as a result of amendments to the Standards listed in the title column. It is not anticipated it will have any significant impact on disclosures as they currently exist and any changes will relate to presentation.
(viii) AASB 2015-6 Amendments to Australian Accounting Standards - Extending Related Party Disclosures to Not-for-Profit Public Sector Entities [AASB 10, 124 & 1049]	March 2015	1 July 2016	The objective of this Standard is to extend the scope of AASB 124 Related Party Disclosures to include not-for-profit sector entities. The Standard is expected to have a significant disclosure impact on the financial report of the Shire as both Elected Members and Senior Management will be deemed to be Key Management Personnel and resultant disclosures will be necessary and resultant disclosures will be necessary.

Notes:

⁽¹⁾ Applicable to reporting periods commencing on or after the given date.

2. REVENUE AND EXPENSES (Continued)

(b) Statement of Objective

The Shire of Brookton is dedicated to providing high quality services to the community through the various service orientated programs which it has established.

COMMUNITY VISION

The Shire will endeavour to provide the community services and facilities to meet the needs of the members of the community and enable them to enjoy a pleasant and healthy way of life.

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

GOVERNANCE

Objective:

Elected member's expenses, maintenance of the Shire's administration centre, audit and forward planning expenses and provision of information to the public.

Activities:

Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

GENERAL PURPOSE FUNDING

Objective:

Levy and collection of property rates, general purpose grants and the acquisition of funds via loans and investments.

Activities:

Rates, general purpose government grants and interest revenue.

LAW, ORDER, PUBLIC SAFETY

Objective:

Fire prevention, animal control and supervision and development of local laws.

Activities:

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.

HEALTH

Objective:

Food hygiene control, maintenance of Saddleback Medical Centre and the provision of a part-time doctor.

Activities:

Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance. In addition this program also includes the costs associated with the maintenance of the Saddleback Medical Centre.

EDUCATION AND WELFARE

Objective:

The Shire of Brookton incorporates the operation of Kalkarni Residency, which is an Aged Care facility. Annual contributions are also made to pre-school education through the Early Learnings Network.

Activities:

Maintenance of child minding centre, playgroup centre, senior citizen centre and aged care centre. Provision and maintenance of home and community care programs and youth services.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

2. REVENUE AND EXPENSES (Continued)

(b) Statement of Objective (Continued)

HOUSING

Objective:

Provision and maintenance of rental housing to staff and non-staff tenants.

Activities:

Provision and maintenance of rental housing to staff and non-staff tenants.

COMMUNITY AMENITIES

Objective:

Provision and maintenance of a sewerage overflow system; street, household and commercial refuse collection; provision and maintenance of the Brookton refuse disposal site; administration of a town planning scheme; provision and maintenance of public conveniences, and Brookton Cemetery operations

Activities:

Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.

RECREATION AND CULTURE

Objective:

Provision and maintenance of Brookton Memorial Hall, other public halls, the WB Eva Pavilion, recreation ground, Brookton swimming pool and community parks and gardens. Operation of the Brookton library and the community bus.

Activities:

Maintenance of public halls, civic centres, aquatic centre, beaches, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.

TRANSPORT

Objective:

Construction and maintenance of road network including traffic signs, footpaths, bridges, culverts and other drains, street cleaning and lighting of streets. Townscape projects and the maintenance of a works depot.

Activities:

Construction and maintenance of roads, streets, footpaths, depots, cycleways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.

ECONOMIC SERVICES

Objective:

Tourism and promotion of Brookton, operation of Brookton Caravan Park, building control and land care development of the Brookton district.

Activities:

Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes. Building Control.

OTHER PROPERTY AND SERVICES

Objective:

Private works and indirect cost allocation pools for plant operation and public works.

Activities:

Private works operation, plant repair and operation costs and engineering operation costs.

The fair value of property, plant and equipment is determined at least every three years in accordance with the regulatory framework. Additions since the date of valuation are shown as cost, given they were acquired at arms length and any accumulated depreciation reflects the usage of service potential, it is considered the recorded written down value approximates fair value. At the end of each intervening period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with Local Government (Financial Management) Regulation 17A (2) which requires property, plant and equipment to be shown at fair value.

**SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017**

7. PROPERTY, PLANT AND EQUIPMENT (Continued)

(c) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of valuation	Date of last Valuation	Inputs used
Land and buildings					
Land - freehold	2	Market Approach - asset assessed in terms of the factors relevant to a market participant and a value determined after adjusting for difference.	Independent registered valuers	June 2017	Available market information
Land - vested in and under the control of Council	2	Market Approach - asset assessed in terms of the factors relevant to a market participant and a value determined after adjusting for difference.	Independent registered valuers	June 2017	Available market information
Buildings - non-specialised	3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Utilising both observable and unobservable inputs being construction costs based on recent contract prices, current condition (Level 2 inputs), residual values and remaining useful life assessments (Level 3 inputs).
Buildings - specialised	3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Utilising both observable and unobservable inputs being construction costs based on recent contract prices, current condition (Level 2 inputs), residual values and remaining useful life assessments (Level 3 inputs).
Furniture and equipment	3	Cost approach using depreciated replacement cost	Management Valuation	June 2016	Purchase cost and current condition (level 2 inputs), residual values and remaining useful life assessments (level 3 inputs)
Plant and equipment					
- Management valuation 2015	2	Observable open market values of similar assets, adjusted for condition and comparability, at their highest and best use	Management Valuation	June 2016	Available market information
- Management valuation 2016	3	Cost approach using depreciated replacement cost	Management Valuation	June 2016	Purchase cost and current condition (level 2 inputs), residual values and remaining useful life assessments (level 3 inputs)

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

	2017	2016
	\$	\$
8 (a). INFRASTRUCTURE

- Management valuation 2015 - level 3	366,564	366,564
- Additions after valuation - cost	82,528	44,187
Less accumulated depreciation	<u>(28,240)</u>	<u>(17,470)</u>
	420,852	393,281
	<u>70,539,257</u>	<u>70,567,056</u>

The fair value of infrastructure is determined at least every three years in accordance with the regulatory framework. Additions since the date of valuation are shown as cost. Given they were acquired at arms length and any accumulated depreciation reflects the usage of service potential, it is considered the recorded written down value approximates fair value. At the end of each intervening period the valuation is reviewed and, where appropriate, the fair value is updated to reflect current market conditions. This process is considered to be in accordance with Local Government (Financial Management) Regulation 17A (2) which requires infrastructure to be shown at fair value.

All of the reserve accounts are supported by money held in financial institutions and match the amount shown as restricted cash in Note 3 to this financial report.

**SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017**

12. RESERVES - CASH BACKED

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
Plant and Vehicle Reserve	As budgeted	This reserve is for the purchase of major items in the Shire's plant and vehicle replacement program.
Housing Reserve	As budgeted	This reserve is for the construction of housing to meet future housing requirements.
Furniture & Equipment Reserve	As budgeted	This reserve is for the replacement of major items of furniture and equipment.
Municipal Building & Facility Reserve	As budgeted	This reserve is for the upgrading of Shire owned buildings and facilities.
Townscape & Footpath Reserve	As budgeted	This reserve is for the cost of major works to construct and upgrade footpaths and general townscape works.
Land Redevelopment Reserve	As budgeted	This reserve is to be used for the costs of land development.
Sewerage Scheme Reserve	As budgeted	This reserve is for major upgrades to the Brookton town sewerage and drainage infrastructure as required
Road and Bridges Infrastructure Reserve	As budgeted	This reserve is for the construction of roads and bridges within the Shire.
Health & Aged Care Reserve	As budgeted	This reserve is for the refurbishment of Saddleback Medical Centre and Kalkarni Residency.
Community Bus Reserve	As budgeted	This reserve is for the changeover of the Brookton Community Bus.
Sport & Recreation Reserve	As budgeted	This reserve is to be used to fund future sporting and recreation infrastructure.
Rehabilitation & Refuse Reserve	As budgeted	This reserve is to be used to fund the rehabilitation of the refuse site.
Unspent Grants & Contributions Reserve	As budgeted	This reserve is to be used to set aside any unspent grant funds at the end of each financial year.
Saddleback Building Reserve	As budgeted	This reserve is to be used for the Saddleback building to fund future upgrades and major maintenance of the building.
Saddleback Vehicle & Equipment Reserve	As budgeted	
Caravan Park Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance on the caravan park.
Brookton Museum/Heritage Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance of the museum.
Kweda Hall Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance on the Kweda Hall.
Aldersyde Hall Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance on the Aldersyde Hall.
Railway Station Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance on the Railway Station.
Madison Square Units Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance on the Madison Square Units.
Cemetery Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance on the Cemetery.
Water Harvesting Reserve	As budgeted	This reserve is to be used to fund any upgrades or major maintenance on the Water Harvesting scheme infrastructure.
Developer Contribution Reserve	As budgeted	This reserve is to hold contributions applied to a development via a Development Application or Subdivision Approval pending determination by Council of its application to the specific works.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

	2017	2016	2015
19. FINANCIAL RATIOS			
Current ratio	1.27	1.15	1.49
Asset sustainability ratio	0.80	0.65	0.98
Debt service cover ratio	8.17	3.41	7.35
Operating surplus ratio	(0.10)	(0.46)	0.08
Own source revenue coverage ratio	0.46	0.43	0.48

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{Depreciation expenses}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expenses}}$

Notes:

Information relating to the **asset consumption ratio** and the **asset renewal funding ratio** can be found at Supplementary Ratio Information on Page 60 of this document.

For 2017 - Three of the 2017 ratios disclosed above are distorted by the early receipt of half of the allocation of the 2017-18 Financial Assistance Grant on 30 June 2017. The early payment of the grant increased operating revenue and current assets in 2017 by \$495,886.

For 2016 - The Debt Service Cover and Operating Surplus ratios disclosed above were distorted by the change to the payment of FAGs during the year ended 30 June 2016 which saw the advance payment of the following year's grants cease. This created a timing difference which resulted in an amount of some \$474,081 less revenue for the year.

For 2015 - The Current, Debt Service Cover and Operating Surplus ratios as disclosed above were distorted by an item of revenue relating to the early payment of 2015/16 Financial Assistance Grants (FAG's) of \$474,081 which was received prior to year-end.

The early payment was considered to be "one-off" and if recognised in the year to which the allocation related the calculations would be as follows:

	2017	2016	2015
Current Ratio	1.16	No Adjustment	1.17
Debt service cover ratio	6.13	5.35	5.32
Operating surplus ratio	(0.22)	(0.34)	(0.05)

In addition, the Own Source Revenue Coverage Ratio is distorted by the revenue of the Kalkarni Residential Aged Care Facility not being treated as Own Source Operating Revenue in accordance with the Department of Local Government ratio guidelines. The ratio below reflects the recalculation if the revenue from the Kalkarni Aged Care Facility was treated as Own Source Operating Revenue:

Own Source revenue Coverage Ratio	0.78	0.73	0.84
-----------------------------------	------	------	------

33. MAJOR LAND TRANSACTIONS

Koorng Residential Subdivision

(a) Details

Council currently holds 7 lots of land that are available for sale. In the 2016/17 year Lot 100 Korrng Drive was sold.

(b) Current year transactions	2017	2017	2016
	\$	Budget	\$
Operating income			
- Profit on sale	19,925	20,548	0
Capital income			
- Sale proceeds	50,000	55,000	0
Capital expenditure			
- Purchase of land	30,075	30,075	0
- Other costs	0	4,377	0
	<u>30,075</u>	<u>34,452</u>	<u>0</u>

(c) Expected Future Cash Flows

	2018	2019	2020	2021	Total
	\$	\$	\$	\$	\$
Cash outflows					
- Development costs	0	0	0	0	0
- Loan repayments	0	0	0	0	0
	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>
Cash inflows					
- Loan proceeds	0	0	0	0	0
- Sale proceeds	50,000	0	0	0	50,000
	<u>50,000</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>50,000</u>
Net cash flows	<u>50,000</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>50,000</u>

The Shire expects to sell 1 lot of the 7 held for resale.

34. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

The Shire did participate in any trading undertakings or major trading undertakings during the 2016/17 financial year.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

35. FINANCIAL RISK MANAGEMENT

The Shire's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk and interest rate risk. The Shire's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Shire.

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council.

The Shire held the following financial instruments at balance date:

	Carrying Value		Fair Value	
	2017	2016	2017	2016
	\$	\$	\$	\$
Financial assets				
Cash and cash equivalents	5,129,231	3,994,827	5,129,231	3,994,827
Investments	5,000	5,000	5,000	5,000
Receivables	4,208,035	2,201,349	4,208,035	2,201,349
	<u>9,342,266</u>	<u>6,201,176</u>	<u>9,342,266</u>	<u>6,201,176</u>
Financial liabilities				
Payables	3,985,861	1,741,406	3,985,861	1,741,406
Borrowings	1,607,790	1,729,926	1,905,555	2,118,111
	<u>5,593,651</u>	<u>3,471,332</u>	<u>5,891,416</u>	<u>3,859,517</u>

Fair value is determined as follows:

- Cash and cash equivalents, receivables, payables - estimated to the carrying value which approximates net market value.
- Borrowings, held to maturity investments, estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles.
- Financial assets at fair value through profit and loss, available for sale financial assets - based on quoted market prices at the reporting date or independent valuation.

SHIRE OF BROOKTON
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

35. FINANCIAL RISK MANAGEMENT (Continued)

(a) Cash and Cash Equivalents

Financial assets at fair value through profit and loss

Available-for-sale financial assets

Held-to-maturity investments

The Shire's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. The finance area manages the cash and investments portfolio with the assistance of independent advisers (where applicable). Council has an investment policy and the policy is subject to review by Council. An Investment Report is provided to Council on a monthly basis setting out the make-up and performance of the portfolio.

The major risk associated with investments is price risk - the risk that the capital value of investments may fluctuate due to changes in market prices, whether these changes are caused by factors specific to individual financial instruments of their issuers or factors affecting similar instruments traded in a market.

Cash and investments are also subject to interest rate risk - the risk that movements in interest rates could affect returns.

Another risk associated with cash is credit risk – the risk that a contracting entity will not complete its obligations under a financial instrument resulting in a financial loss to the Shire.

The Shire manages these risks by diversifying its portfolio and only investing in investments authorised by *Local Government (Financial Management) Regulation 19C*. Council also seeks advice from independent advisers (where considered necessary) before placing any cash and investments.

	2017	2016
	\$	\$
Impact of a 10% ⁽¹⁾ movement in price of investments		
- Equity	500	500
- Statement of Comprehensive Income	500	500
Impact of a 1% ⁽¹⁾ movement in interest rates on cash		
- Equity	51,292	39,948
- Statement of Comprehensive Income	51,292	39,948

Notes:

⁽¹⁾ Sensitivity percentages based on management's expectation of future possible market movements.

SHIRE OF BROOKTON

FOR THE YEAR ENDED 30TH JUNE 2017

35. FINANCIAL RISK MANAGEMENT (Continued)

(b) Receivables

The Shire's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land – that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subject to a re-negotiation of repayment terms.

The profile of the Shire's credit risk at balance date was:

	2017	2016
Percentage of rates and annual charges		
- Current	0%	0%
- Overdue	100%	100%
Percentage of other receivables		
- Current	74%	99%
- Overdue	26%	1%

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2017

35. FINANCIAL RISK MANAGEMENT (Continued)

(c) Payables

Borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required.

The contractual undiscounted cash flows of the Shire's Payables and Borrowings are set out in the Liquidity Sensitivity Table below:

	Due within 1 year \$	Due between 1 & 5 years \$	Due after 5 years \$	Total contractual cash flows \$	Carrying values \$
<u>2017</u>					
Payables	3,985,861	0	0	3,985,861	3,985,861
Borrowings	233,990	1,154,733	1,054,280	2,443,003	1,607,790
	<u>4,219,851</u>	<u>1,154,733</u>	<u>1,054,280</u>	<u>6,428,864</u>	<u>5,593,651</u>
<u>2016</u>					
Payables	1,741,406	0	0	1,741,406	1,741,405
Borrowings	233,990	1,164,878	1,278,125	2,676,993	1,729,926
	<u>1,975,396</u>	<u>1,164,878</u>	<u>1,278,125</u>	<u>4,418,399</u>	<u>3,471,331</u>

FOR THE YEAR ENDED 30TH JUNE 2017

35. FINANCIAL RISK MANAGEMENT (Continued)

(c) Payables

Borrowings (continued)

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation.

The following tables set out the carrying amount, by maturity, of the financial instruments exposed to interest rate risk:

	<1 year	>1<2 years	>2<3 years	>3<4 years	>4<5 years	>5 years	Total	Weighted Average Effective Interest Rate
	\$	\$	\$	\$	\$	\$	\$	%
<u>Year ended 30 June 2017</u>								
Borrowings								
Fixed rate								
Debentures	0	0	0	0	31,525	1,576,265	1,607,790	6.43%
Weighted average Effective interest rate					5.82%	6.58%		
<u>Year ended 30 June 2016</u>								
Borrowings								
Fixed rate								
Debentures	0	0	0	0	0	1,729,926	1,729,926	6.53%
Weighted average Effective interest rate						6.53%

Total liabilities	<u>3,459,436</u>	<u>1,531,519</u>

Accounting Policies

Revenues and expenses are those directly attributable to the Kalkarni Aged Care Facility and include any joint revenue and expenses where a reasonable basis of allocation exists. Assets include all assets used by the Kalkarni Aged Care Facility and consist principally of cash, receivables, inventories and property, plant and equipment net of any allowances and accumulated depreciation and amortisation. Kalkarni Aged Care Facility liabilities consist principally of payables, employee benefits, accrued expenses, provisions and borrowings.

INDEPENDENT AUDITOR'S REPORT TO THE ELECTORS OF THE SHIRE OF BROOKTON

Opinion on the Audit of the Financial Report

We have audited the accompanying financial report of the Shire of Brookton (the Shire), which comprises the statement of financial position as at 30 June 2017, statement of comprehensive income by nature or type, statement of comprehensive income by program, statement of changes in equity, statement of cash flows and the rate setting statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the statement by Chief Executive Officer.

In our opinion, the financial report of the Shire of Brookton is in accordance with the *Local Government Act 1995 (as amended)* and the *Local Government (Financial Management) Regulations 1996 (as amended)*, including:

- a) giving a true and fair view of the Shire's financial position as at 30 June 2017 and of its financial performance and its cash flows for the year ended on that date; and
- b) complying with Australian Accounting Standards (including Australian Accounting Interpretations).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Shire in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the "Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Report on Other Legal and Regulatory Requirements

In accordance with the *Local Government (Audit) Regulations 1996*, we also report that:

- a) There are no matters that in our opinion indicate significant adverse trends in the financial position or the financial management practices of the Shire.
- b) No matters indicating non-compliance with Part 6 of the Local Government Act 1995 (as amended), the Local Government (Financial Management) Regulations 1996 (as amended) or applicable financial controls of any other written law were noted during the course of our audit.
- c) In relation to the Supplementary Ratio Information presented at page 60 of this report, we have reviewed the calculations as presented and nothing has come to our attention to suggest it is not supported by:
 - i. verifiable information; and
 - ii. reasonable assumptions.
- d) All necessary information and explanations were obtained by us.
- e) All audit procedures were satisfactorily completed in conducting our audit.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Shire's annual report for the year ended 30 June 2017 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

Responsibilities of Management and Council for the Financial Report

Management is responsible for the preparation of this financial report that gives a true and fair view in accordance with Australian Accounting Standards, *the Local Government Act 1995* (as amended) and the *Local Government (Financial Management) Regulations 1996* (as amended) and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Shire's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_files/ar3.pdf. This description forms part of our auditor's report.

**SHIRE OF BROOKTON
SUPPLEMENTARY RATIO INFORMATION
FOR THE YEAR ENDED 30TH JUNE 2017**

RATIO INFORMATION

The following information relates to those ratios which only require attestation they have been checked and are supported by verifiable information. It does not form part of the audited financial report

	2017	2016	2015
Asset consumption ratio	0.71	0.70	0.64
Asset renewal funding ratio	0.80	0.81	0.66

The above ratios are calculated as follows:

Asset consumption ratio	$\frac{\text{depreciated replacement costs of assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planning capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
