### 12.03.19.01 HAPPY VALLEY BORE FIELD PIPELINE – TRANSFER OF RESERVE FUNDS

File No: ADM 0619

Date of Meeting: 21/03/2019

Location/Address: Shire of Brookton

Name of Applicant: Shire of Brookton

Name of Owner: Shire of Brookton

Author/s: Stephen Thomson – Manager Infrastructure &

Regulatory Services

**Authorising Officer:** Ian D'Arcy – CEO

**Declaration of Interest**: The author does not have an interest in this matter

**Voting Requirements:** Absolute Majority

Previous Report: N/A

### **Summary of Item:**

This item seeks Council approval for a budget amendment in the 2018/19 financial year to accommodate greater than anticipated costs on the budgeted Happy Valley Bore field – Additional line project

### **Description of Proposal:**

The proposal involves the transfer of \$32,000 from the Cash Contingency Reserve to the Happy Valley Bore field – Additional line project operational account (Municipal Funds).

### **Background:**

In the 2018/2019 budget, provision for the Happy Valley Bore field –Additional Line project is set at \$10,000. This budget was set on the basis that the works would be relatively simple to undertake with trenchless methods like directional drilling only needing to be applied in the area of the rail track itself.

As the planning phase of the project progressed it became evident that the works required to meet the Public Transport Authority (PTA) requirements were significantly more extensive and difficult than initially considered and allowed for in the budget.

It was stipulated by the PTA that a sleeved pipe arrangement installed by a trenchless method across the full 60 metre width of the rail reserve to a depth of not less than 2 metres was, as a minimum, required to gain approval.

The recently received PTA conditional approval for the works involved a further 18 General Conditions and 34 Technical Conditions. The works based on the design requirements and conditions was put to market with the drilling and pipe installation component, as supplied by the specialist contractors, coming in at \$37,000. It has been assessed that a further \$5000 is required to cover associated works like survey, job planning and connect up works.

The recommendation to provide extra funding and continue with the project is based several factors. These includes water management and service provision risks that are addressed under the risk assessment below and a loss of benefits as identified when the project was originally put forward

### These include:

- That the new arrangement allows for both the treated water and happy water transfer operations to run independent of each other,
- The volumes of Happy Valley reticulation water that can potentially be transferred can be increased greatly giving further off scheme reticulation options for the town,
- Reduced reliance and scheme water, &
- Commercial opportunities associated with impending higher scheme water costs.

### **Consultation:**

Extensive consultation took place with the PTA both directly and through the consulting engineer that provided the design. Since the conditional approval has been provided further consultation has taken place with specialist directional drilling contractors. This advice has been used to formulate the most cost effective treatment that met the specified requirements for the project

### **Statutory Environment:**

This matter has been the subject of a number of report to Council. This is required to assist the provision of water to Council sites.

### **Relevant Plans and Policy:**

This matter falls within the Shire's corporate compendium – and plans for this increased infrastructure (water) have been in place to manage the water usage for some time across the Shire.

### **Financial Implications:**

The additional funds are required to complete the project for Happy Valley water. The project is contingent upon the additional line under the rail line. Without this additional pipeline and the additional funds, the Shire cannot progress the project.

### **Risk Assessment:**

Currently the Shire has only one line that crosses the rail reserve which is used to transfer both the Happy Valley oval reticulation water and treated waste water from the sewer lagoon to the evaporation dam. This line does not meet the current service across rail reserve standards and in the event of a failure within the rail reserves, getting authority to undertake repairs is likely to prove problematic.

Loss of the current line would severely impact the Shires capacity to water the football oval and transfer effluent water from the sewer lagoon to the evaporation dam which is a critical part of the operation of the effluent water management system.

### **Community & Strategic Objectives:**

Delivery of 2018/2019 budgeted works

### Comment

Progress on the project and the related difficulties in getting PTA approval and associated cost implications have been discussed at in Councillor Briefing Forum. Council through that forum expressed a desire for funds to be made available for the project to proceed.

### **OFFICER'S RECOMMENDATION**

### That Council;

- a. In accordance with Section 6.8 (1) (b) of the Local Government Act 1995 agrees to transfer \$32,000 from the Cash Contingency Reserve to the Municipal Fund as the full amount of the works for the Happy Valley pipeline was not budgeted for in the 2018/2019 Budget,
- b. Notes that the funds are for an additional purpose for which no expenditure was originally included in the annual budget that covered the increased costs of the project; and
- c. Notes that these funds are to be used specifically for the provision of the additional pipe line and allocated to the Happy Valley Bore field operational account.

### 13.03.19.01 SCRIPTURE UNION MEMORANDUM OF UNDERSTANDING

File No: N/A

**Date of Meeting**: 21/03/2019

Location/Address: Lot 510 WB Eva Pavilion

Name of Applicant: N/A
Name of Owner: N/A

Author/s: Rhiannon Coad – Community Liaison Officer

**Authorising Officer:** Ian D'Arcy – Chief Executive Officer

Declaration of Interest:N/AVoting Requirements:SimplePrevious Report:12/09/2017

### **Summary of Item:**

Each year the Scripture Union of Western Australia host the Brookton Family Festival and each year apply to Council for a discount of fees.

Council has consistently approved a discount of fees for this event and as such the Brookton Family Festival organising committee have requested that a Memorandum of Understanding (MOU) be drafted on the basis of the Brookton Family Festival being recognized as an annual event that attracts a discounted rate of hire for the various facilities utilised during the event.

Council resolved on 12/09/2017 that staff draft an MOU recognising this relationship and this report outlines the draft MOU (**Attachment 13.03.19.01**). The Scripture Union of Western Australia have approved the attached draft.

### **Description of Proposal:**

As above.

### **Background:**

The Scripture Union is a not for profit organization that has been running the Brookton Family Festival since 2011. The organisers of the event do not receive any payment, with all program costs funded through donations. The event is offered free of charge to participants from the broader community. All events organised during the festival are free.

The Scripture Union applies to Council each year for a discount on the hire rates of the WB Eva Pavilion and Caravan Park. Council has consistently granted the discount and allows the Scripture Union the Community Group rates of hire, in September 2017, Council resolved to draft an MOU that details the rates of payment for the Scripture Union and remove the need for the Scripture Union to apply each year for discounted fees. This is in recognition of the long standing event.

The Scripture Union will continue to run the event annually, on the understanding that the Shire will apply the Community Group hire rates to the facility hire for the event.

### **Consultation:**

There has been consultation undertaken with the Shire of Brookton CEO and Scripture Union in drafting the MOU.

### **Statutory Environment:**

Section 6.12(1)(b) of the *Local Government Act 1995* grants authority to Council to waive or grant concessions in relation to hire fees.

### **Relevant Plans and Policy:**

No relevant plans or policy applicable to this matter.

### **Financial Implications:**

The financial implications will vary from year to year depending on Council's Schedule of Fees and Charges however a 50% discount will be applied to Facility Hire, Oval Hire and Camping Hire for the duration of the event (typically 6 days).

### **Risk Assessment:**

There is no perceived risk to the Shire, other than a marginal impact on the Shire's finances.

### **Community & Strategic Objectives:**

This proposal aligns to aspirations;

- 9. Community Engagement
- 16. Community Activity and Visitor Eventing of the BROOKTON Strategic Community Plan >2027 and Action
- 24.1. Support seniors, youth, cultural, sport/recreational activities of the Shire of Brookton Corporate Business Plan.

### Comment

As stated prior, the organising committee are a volunteer group that do not draw any payment for their time and efforts. It is acknowledged that the committee actually funds part of the program from their own pockets and the balance is funded through the sourcing of small donations. This coupled with the continuity of the event since 2011 and the broad benefit delivered to local youth, it is recommended that Council approve the draft MOU as attached in recognition of the relationship between the Shire of Brookton and the Brookton Family Festival.

### **OFFICER'S RECOMMENDATION**

### That Council:

1. Approve the draft Memorandum of Understanding (MOU) with the Scripture Union for the annual Brookton Family Festival as attached.

The Shire's Asset Management Plan (adopted at the 2016 August OCM) details required renewal expenditure of \$1.482m over the ten year period 2016 - 2027. The Shire's Long Term Financial Plan includes the following planned renewal expenditure:

2016/17 - 47,680 2017/18 - 100,000 2018/19 - 100,000 2019/20 - 100,000 2020/21 - 100,000 2021/22 - 100,000 2022/23 - 100,000 2023/24 - 100,000 2024/25 - 100,000 2025/26 - 150,000 2026/27 - 400,000

Total - 1,397,680 or approx. \$140k per annum

The Sewerage Scheme should be self funding, that is, the capital replacement cost should be amortised over the life of the infrastructure, and funded from the annual sewerage rates. Council should consider a charging model that provides for an annual transfer to the Sewer Reserve, which is equivalent to the required annual renewal expenditure i.e. \$148k per annum. As a minimum, revenue from the Scheme should cover all operating expenditure including depreciation, meaning a minimum transfer to Reserve of \$88k.

#### **Background:**

Since the mid 90's Council has pro-actively supported the delivery of medical services and age care accommodation, with the initial construction of the Saddleback Medical Centre followed by the Kalkarni Residential Aged Care Facility on Crown Reserve 43158 in the year 2000.

Moving forward to 2016, the Council initiated a subdivision process to excise the medical centre and age care facility from the broader land holding (Reserve 43158) to create free-hold Lot 511. Once created the Council acquired this land from the State Government (land only), with the free-hold title being granted to the Shire in early 2018.

As a consequence of the land purchase and possible sale of Lot 511, the respective agreements for Baptistcare, Silver Chain, and the Doctor upon expiration of their second 5 year term on 30<sup>th</sup> June 2017 were all extended for another two years with the option of another 12 months to apply at the Council's discretion. The intended purpose of this arrangement was to allow Council the opportunity to progress the sale (or otherwise) of Lot 511.

With the two year extension period due to expire at the end of June 2019 for all three contractual agreements, the Council needs to grant the additional 12 month extension, or conversely serve notice that the current arrangements will conclude on the 30<sup>th</sup> June 2019.

#### **Consultation:**

Through the recent public submission period on the possible disposal of Lot 511, all three contract providers have expressed their desire to remain in Brookton, and continue with their current service obligations.

#### **Statutory Environment:**

The following provisions has been extracted from the respective agreements to illustrate that Council has the authority to grant a further 12 month extension:

a) The Baptistcare Management Agreement states:

#### 2.2 Term

- (1) The Term of this Agreement commences on the Commencement Date and ends on the Expiry Date or such date as may be agreed in writing between the parties.
- (2) If the Shire:
  - (a) Not later than 3 months before the end of the Term, gives written notice of its intention to extend the Term for a period; and
  - (b) At the time of giving notice if not in material breach of this Agreement, then subject to the agreement of the Manager, the Term will be extended for a further period of 12 months, as agreed between the parties, on the same terms and conditions as contained in this Agreement.
- b) The Silver Chain Lease Agreement states:

#### 8.1 Notice of renewal

If the Lessee wishes to renew the Term and gives the Lessor written notice not earlier than SIX (6) calendar months but not later than THREE (3) calendar months prior to the expiration of the Term and if at the time of giving such notice there is no outstanding breach or non-observance of any of the Lessee's Covenants and if in the meantime the Lessor's right of re-entry has not otherwise arisen, then the Lessor will at the cost of the

Lessee grant to the Lessee a renewal of the Term for the further period specified in Item 7 of Schedule 1 and otherwise on the same terms and conditions as are contained or implied in this Lease other than this right of renewal subject always to the provisions of this subclause.

c) The Contract Agreement with Adebayo Services Pty Ltd for provision of General Practice medical services states:

#### 2.2 Term

- (1) The Term of the Contract commences on the Commencement Date and ends on the Expiry Date.
- (2) On and in accordance with the written request of the Medical Services Provider, the Term of the Contract may be extended for a period not exceeding 12 months years after the Expiry Date if
  - a) the written request from the Medical Service Provider is given to the Shire not more than 12 months and no less than 6 months before the Expiry Date; and
  - b) the Shire agrees to the extension of the contract.

It should be noted the 'Provision of GP Medical Services Agreement' has inadvertently been overlooked with the Doctor not having technically adhered to the specified notice period. Notwithstanding, verbal discussions were entertained with the Dr. Adebayo in December 2018 where he clearly indicated a strong desire and willingness to continue his medical practice in Brookton.

#### **Relevant Plans and Policy:**

There are no relevant plans or policies that apply to this matter.

#### **Financial Implications:**

There are no expected financial implications against any of the three current Agreements should the 12 month extension be granted by Council. In this context, the current costs accounting for CPI will be included in the 2019/2020 municipal budget.

#### **Risk Assessment:**

There is negligible risk to the Council in endorsing the 12 month extension to the current Agreements based on the submissions received from the respective organisations over the past 2 months.

However, should Council not proceed to grant the extension to one or more of the agreements there is a profound risk the current service delivery(s) will be severely interrupted to the detriment of local residents.

#### **Community & Strategic Objectives:**

This proposal relates to delivery of core business and services detailed in the Shire of Brookton Corporate Compendium – May 2018, duly appended to the Next Generation BROOKTON Corporate Business Plan <2021.

Specifically, the proposed disposal of Lot 511 aligns to:

Function 4 Property Management

Action 4.3 – Assess Residential Age Care and Medical Facility Tenure

Function 19 Risk Management

Action 19.3 – Implement Risk Mitigation Measures

#### Comment

In addition to commentary on risk, Council needs to be mindful:

- The 12 month extension is to allow additional time for the sale of Lot 511 to be determined in the coming months. This will also afford time for negotiation on the sale price and transfer of ownership in an ideally seamless manner, if disposal of the property is to proceed; or
- Should the property be retained under current Council ownership, new agreements for delivery
  of residential aged care and medical services. This may be required through a number of formal
  tender processes in accordance with Local Government legislation.
- Of timing to ensure appropriate management frameworks and contractual arrangements/instruments are in place, given increasing levels of governance, compliance and oversight that now exists.

#### **OFFICER'S RECOMMENDATION**

That Council endorse a 12 month extension from 1<sup>st</sup> July 2019 to 30<sup>th</sup> June 2020 to the existing contractual arrangements (specified below), with no amendment to the current provisions detailed in the respective agreements other than timeframe, and each party being advised in writing of this decision:

- 1. Management Agreement [extended pursuant provision 2.2(2)] with Baptistcare (WA) Inc. for daily management and operations of the Kalkarni Residential Aged Care Facility.
- 2. Lease Agreement [extended pursuant provision 8.1] with Silver Chain Group Ltd for occupation of the designated 'Home Services Area' and shared use of the 'Common Use Area' in the Saddleback Medical Centre.
- 3. Contract for the Provision of Medical Services [extended pursuant provision 2.2(2)] with Adebayo Services Pty Ltd for delivery of medical (general practice) services from the designed area of the Saddleback Medical Centre, including shared use of a 'Common Use Area' within this facility.
